

Dr. Wheelon,

Attached, as you requested, is a memorandum to the DCI concerning recent midcareer and higher acquisitions.

The attached biographic sketches are arranged alphabetically by grade. (I have included [REDACTED] because of the firm EOD date; all of his clearances have been completed.)

STATINTL

As you suggested, I went back only to 1 January 1963. There is one other who entered on duty in the last six months of 1962 whom I have not included.

I will rearrange the format of the attached any way you wish.
